Summary

I have completed my CS degree from Riphah International University, Islamabad, and I am currently working as a WordPress Developer at TechnStack Company. With over one year of professional experience, I specialize in building responsive, visually appealing websites across various industries, including business, portfolio, eCommerce, and real estate. I am highly proficient in using modern page builders like Elementor and Elementor Pro to create dynamic, user-friendly interfaces. Additionally, I have expertise in developing custom themes, ensuring clean code, and focusing on seamless content management. My goal is to deliver high-quality, performance-driven websites that meet client needs and provide exceptional user experiences.
